

HAWK RIDGE
education offerings
fall 2008

Banding Station Tours

Ever wonder what goes on up at Hawk Ridge besides hawkwatching? Hawk Ridge is offering guided trips to the observation blind at the banding research station. During each 1-hour program, participants will get a closer look at what goes on 'behind the scenes' at Hawk Ridge, watch the banders in action and view banded hawks and songbirds in the hand. This opportunity is only available to Hawk Ridge members and to current Adopt a Raptor participants. Contact us at 218.428.3539 to schedule your tour.

Public Programs

FREE. Meet at the Main Overlook (1 mile east of Glenwood on Skyline Parkway). Bring binoculars & dress for the weather.

Saturday, September 6
